

GAUGE TAPE MEASURE ++

This measuring instrument is certified in accordance with the provisions and requirements of the Measuring Instruments Directive 2014/32/EU.

CERTIFICATION

- Accuracy Class II
- CE, ASTM

SPECIAL FEATURES

- Ergonomic ABS case
- Matt coated case for comfortable grip
- Safety buffer to absorb tape retraction backlash (5M version only)
- High visibility blade with easy to read graphics
- Available in 2 sizes

MULTIFUNCTIONAL BLADE HOOK

- **3-Rivet end hook** with steel reinforcing plate for added blade strength
- **End hook nail grab** – slotted end hook to grab onto a nail or screw head
- **True zero measuring** – end hook moves back and forth along the securing rivets to negate the hook thickness while doing inside vs. outside measurements

easily accessible tape lock

safety buffer (5M version only)

ABS wrist strap

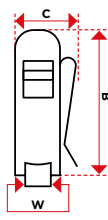

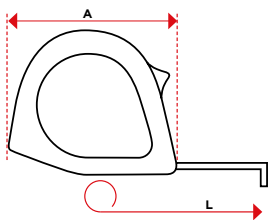

multi-functional blade hook

steel belt clip

one touch blade brake
